Sprint PCS VisionSM Services

Mouse over the symbols below to learn more about Sprint PCS Vision services this device offers.

Sprint PCS VisionSM

Powered by the Sprint Nationwide PCS Network, Sprint PCS Vision transforms the wireless experience from something that's simply functional into something visual, entertaining and highly personalized.

Specifications

Operating Mode:	Dual-Band/Tri-Mode: This phone may be used on and while roaming off the Sprint Nationwide PCS Network.
Dimensions:	3.5" x 1.8" x 1.0"
Battery Type:	Lithium Ion (Li-Ion)
Battery Life:	Up to 3 hours continuous digital talk time. Analog mode uses more battery, up to 1.6 hours continuous talk time.
Weight:	3.46 oz
Download User's Guide (requires Acrobat)	

Features

Built-in Digital Camera	Capture pictures with up to 4x digital zoom. Choose from a variety of different color tones, brightness levels, and white balance settings. Customize your own camera shutter sounds and attach fun frames to personalize your photos.
Sprint PCS Picture Mail Capable	Take a picture anytime and send it to family and friends instantly while on the Sprint Nationwide PCS Network.

	across the country while on the Sprint nationwide PCS network. It's the coolest way to talk, without the talk.
Predictive Text Input	Compose your messages easier and faster with prediction text input using the phone's built-in dictionary. T9® text input lets the device predict the text you enter; it makes sending message simple and more efficient.
Enhanced Voice Recognition	Say the name of any entry in your phone book, or simply say the phone number you want to call digit-by-digit, and the number is dialed automatically without using the keypad. Or say "status" and the phone will respond audibly with your phone's coverage, signal strength, and battery strength. This feature is speaker-independent, so there's no need to train the phone to respond to any one person's voice.
Large, Full-Color Screen	Vibrant 1.1" x 1.38" main screen with 65K colors provides easy reading and a rich, full-color experience.
Innovative Slide Show Screen Saver	Create your own slide show with up to 10 different pictures. You can view the pictures in succession and use them as rotating screen savers to give your phone a constantly-changing look.
Customizable Picture Caller ID	Customize your caller ID by linking a downloaded image or photo to a specific phone number in your contact list.
Customizable Display Screens	Choose from a variety of pre-set images to customize your main and external displays and make them unique to you. Customize your external display by choosing from four different clock options.
Built-in Ring Tones	Choose from 29 ring tones, offering a variety of traditional ring tones as well as multi-chord (up to 32 chords), melodic ring tones and vibrating alert.
Voice Memo/Recorder	Record up to 10 memos, notes, or reminders for playback when needed. Each of these can be up to one minute in length.
Internal Phone Book	Assign up to 299 entries, each storing six numbers, with a total capacity for 299 numbers and 299 email and Web addresses.
Built-in Productivity Tools and Planner	Work easily while on the go: access your calendar, schedule appointments, check your to-do list, or access the built-in memo pad. Also includes a calculator, world clock, and alarm clock.
Customizable Application Shortcut Keys	Personalize your "launch pad" based on the applications you most frequently use. Assign your navigation keys to application shortcuts for quick access.
2.5mm Universal Jack	Accommodates most standard headsets for hands-free operation.
Multiple Languages	Supports English and limited Spanish menu navigation.
E911 Emergency Location Capable	Features an embedded Global Positioning System (GPS) chip necessary for utilizing the E911 emergency location services, where available.
TTY Compatible	Compatible with select TTY devices.
Sprint PCS Vision Capabilities	Sprint PCS Picture Mail, Messaging, Games, Ringers, Screen Savers, and Web.

Optional Accessories

None	This device requires no additional accessories.

Sprint PCS VisionSM Services

Mouse over the symbols below to learn more about Sprint PCS Vision services this device offers.

Sprint PCS VisionSM

Powered by the Sprint Nationwide PCS Network, Sprint PCS Vision transforms the wireless experience from something that's simply functional into something visual, entertaining and highly personalized.

Specifications

Operating Mode:	Dual-Band/Tri-Mode: This phone may be used on and while roaming off the enhanced Sprint Nationwide PCS Network.
Dimensions:	3.34" x 1.85" x 1.02"
Battery Type:	Lithium Ion (Li-Ion)
Battery Life:	Up to 3.5 hours continuous digital talk time. Analog mode uses more battery, up to 1.7 hours continuous talk time.
Weight:	3.65 oz

[Download User's Guide](#) (requires Acrobat)

Features

Built-in Digital Camera	Shoot digital pictures with the built-in VGA camera (640x480 pixels) with auto-focus lens and zoom capability. Instantly capture pictures with your choice of high, medium, or low resolution.
Sprint PCS Picture MailSM Capable	With Sprint PCS Picture Mail, you can take a picture anytime and send it to family and friends instantly while on the enhanced Sprint Nationwide PCS Network. You can attach a 10-second voice message and text message to your picture. Easily save your pictures on your Sprint PCS [®]

	Phone or store them online.
Picture Enhancement Options	Personalize your pictures with a fun frame (five to choose from), use digital zoom, take up to eight multiple shots, or use the self-timer.
Sprint PCS Ready LinkSM Capable	Now you can enjoy the convenience of quick, walkie-talkie style communication at the touch of a button with one or several Sprint PCS Ready Link SM users anywhere you go on the most complete, all-digital, wireless network in the nation. View Flash Demo
SMS Text Messaging Capable	Send, receive, and reply to text messages instantly with an SMS-capable Sprint PCS Phone across the room or across the country while on the enhanced Sprint Nationwide PCS Network.
Vibrant Full-Color Screen	Vivid 1.8" main and 1" external color sub LCD; both are TFT and support 65k colors.
Customizable Photo Caller ID	Know who's calling you by linking downloaded images and photos to the contacts in your internal phone book.
Built-in Speakerphone	Hands-free operation of your phone, open or closed, is made easy with the built-in speakerphone.
Voice-Activated Dialing	Say the name of the person you want to call and the number is dialed automatically without using the keypad.
Enhanced Ring Tones	Personalize your Sprint PCS Phone with eight festive melody ringers in 32-chord polyphonic sound.
Two Internal Phone Books	Store up to 300 entries, each storing seven numbers for a total of 500 numbers and up to 300 email and Web addresses. Separate Sprint PCS Ready Link Phone Book provides easy access to 200 personal contacts and 200 company-provided contacts.
Personal Alarm	Features an alarm clock that alerts you one time or daily. Just set the alarm—it's that simple.
Multiple Languages	Supports English and limited Spanish text prompts.
2.5mm Universal Jack	Accommodates most standard headsets for hands-free operation.
E911 Emergency Location Capable	Features an embedded Global Positioning System (GPS) chip necessary for utilizing the E911 emergency location services, where available.
TTY Compatible	Compatible with select TTY devices.
Sprint PCS Vision Capabilities	Sprint PCS Picture Mail, Messaging, Games, Ringers, Screen Savers, Web, and Sprint PCS Business Connection SM .

Optional Accessories	
Vehicle Power Adapter	This charging option enables you to power your phone and charge the battery at the same time. Plugs into any vehicle charging port.
Extended Battery Silver	This Li-Ion battery provides up to 5.38 hours digital talk time.
AC Adapter/Travel Charger	This lightweight, compact charger plugs directly into your phone to charge the battery. Plugs into any standard 110-220V 60 Hz outlet.
Desktop Charger	This convenient, dual-slot charging stand provides a secure place to charge your Sprint PCS Phone and extra battery. This charger must be used in conjunction with the AC Adapter/Travel Charger (purchased separately).
Belt Clip Holster	Hard plastic holster is designed specifically for the PM-8200 by Sanyo® with integrated clip for securely attaching the phone to a belt or purse strap.
Leather Case	This case is custom-designed to fit the PM-8200 by Sanyo in the most secure fashion. It is made from high-quality leather to make it attractive and durable.
Body Glove ION Case	This case, designed by Body Glove, uses the ION line of material to achieve a professional look. The ION line is a textured, resilient material that has an ultra-soft liner to protect your PM-8200 by Sanyo during everyday use.
